SECTION 1 — COPYWRITING PLAYBOOK

1.1 Theory of Resistance

ENGLISH

Core Idea: Every prospect resists buying. Resistance comes from skepticism, inertia, and fear of change. Your copy must anticipate and dissolve each objection before the reader even forms it.

Wassalha Application:

- COD retailers fear unreliable delivery = lost revenue. Address head-on: "Zero lost packages — or we pay you back."
- Resistance to switching from current provider: show switching cost is zero, onboarding takes 5 minutes.
- Objection map: Price? → transparent commission. Reliability? → real-time tracking. Complexity? → one-click booking.

FRANÇAIS

Idée clé : Chaque prospect résiste à l'achat. La résistance vient du scepticisme, de l'inertie et de la peur du changement. Votre texte doit anticiper et dissoudre chaque objection.

Application Wassalha :

- Les vendeurs COD craignent les colis perdus. Réponse : « Zéro colis perdu — sinon on vous rembourse. »
- Résistance au changement : montrer que le coût de migration est nul, intégration en 5 min.
- Carte d'objections : Prix ? → commission transparente. Fiabilité ? → suivi en temps réel.

DARIJA

Lfekra:

Kol client kaykoun 3ando chak, khayf ybddl. Lhadra dyalk khass t7ell kol so2al gbal ma yetsa2lo.

Wassalha:

- COD baye3 khayf colis ytyyh = khasara. Goulih: « Wla colis ma wslch — n3awdouk flouss. »
- Khayf ybddl provider: werih bli switching sahla, 5 d9aye9.
- Taman? → commission wadha. Tracking? → real-time.

1.2 Write Like You Talk

ENGLISH

Principle: Drop jargon. Use the language your customer uses at their warehouse, on WhatsApp, at the café. Conversational copy builds trust instantly.

Wassalha tone:

- Instead of "Optimize your logistics chain" → "Ship faster, pay less."
- Instead of "Multi-carrier aggregation platform" → "We find you the best delivery deal in seconds."
- Test: Read your copy out loud. If it sounds like a robot, rewrite it.

FRANÇAIS

Principe : Abandon du jargon. Utilisez le langage de votre client — celui du dépôt, de WhatsApp, du café. Un ton conversationnel crée la confiance.

Ton Wassalha :

- Au lieu de « Optimisez votre chaîne logistique » → « Livrez plus vite, payez moins. »
- Test : lisez votre texte à voix haute. Si ça sonne robot, réécrivez.

DARIJA

L9a3ida:

Hder b7al ila kathedder m3a sahbek. Bla klam kbir, bla jargon.

Ton Wassalha:

- Bla « Optimisation de la chaîne » → « Sift b sor3a, khelles 9ell. »
- Graha: 9ra l copy b sot 3ali. Ila bghat robot, 3awdha.

1.3 The Secret of Writing with Passion

ENGLISH

Secret: Know your product deeply and love the problem you solve. Passion transfers through words. Research your COD retailers — spend a day in their warehouse, feel their pain when packages get lost, celebrate when orders fly out.

Write from that experience. Authentic passion is the ultimate persuasion tool.

FRANÇAIS

Secret : Connaissez votre produit en profondeur. La passion se transmet par les mots. Passez une journée dans l'entrepôt de vos clients COD, ressentez leur douleur quand un colis se perd.

Écrivez à partir de cette expérience. La passion authentique est l'outil de persuasion ultime.

DARIJA

Ssirr:

3raf produit dyalek mzyan. L passion katban f lktaba. Sir l dépôt dyal client, 7ess b l9laq dyalo mnin colis kaytyyh.

Kteb mn dak l'expérience. L passion l7a9i9iya hiya a9wa tool dyal l'i9na3.

1.4 The Power of Stories

ENGLISH

Principle: Facts tell, stories sell. A retailer in Casablanca losing 15% of COD orders to bad delivery — then finding Wassalha and cutting losses to near zero. That story moves people more than any statistic.

Story framework for Wassalha:

1. Hero: COD retailer struggling with delivery chaos
2. Problem: Lost packages, no visibility, angry customers
3. Guide: Wassalha enters with a simple solution
4. Result: 95% delivery success, 3x growth

FRANÇAIS

Principe : Les faits informent, les histoires vendent. Un détaillant à Casablanca perdant 15% de ses commandes COD... puis trouvant Wassalha.

Structure narrative :

1. Héros : vendeur COD en galère
2. Problème : colis perdus, clients furieux
3. Guide : Wassalha arrive
4. Résultat : 95% de livraisons réussies

DARIJA

L9a3ida:

L7a9aye9 kat3llem, l9issass katbi3. Wa7d baye3 f Casa kaykhassar 15% dyal commandes... l9a Wassalha w wella kol chi mzyan.

1. Lbtal: baye3 COD kay3ani
2. Lmochkil: colis dayi3, clients za3feen
3. Lmorchid: Wassalha jaw
4. Natijja: 95% dyal livraisons wslo

1.5 Find Your Voice

ENGLISH

FRANÇAIS

DARIJA

Wassalha Brand Voice: • Confident but not arrogant — "We've done the homework so you don't have to." • Moroccan-rooted, tech-forward — blend local authenticity with modern reliability. • Direct and no-BS — COD retailers don't have time for fluff. • Voice test: If your copy could be written by any other company, it's not your voice yet.	Voix de marque Wassalha : • Confiante sans arrogance • Ancrée au Maroc, tournée vers la tech • Directe et sans blabla — les vendeurs COD n'ont pas le temps • Test : si n'importe quelle entreprise pourrait écrire votre texte, ce n'est pas votre voix.	Sot Wassalha: • Wa9fin, machiyin m3a rasna — « Derna l khdma bash nta mat3anach » • Magharbi w tech — mzj authentique + moderne • Direct — COD baye3 ma 3andoch wa9t l l blabla.

1.6 Write Your Story

ENGLISH

Origin Story:

"We started Wassalha because we watched small COD retailers in Morocco lose money every single day — not because their products were bad, but because delivery was broken. We built the tool we wish existed."

Your origin story humanizes the brand and gives prospects a reason to root for you.

FRANÇAIS

Histoire d'origine :

« Nous avons lancé Wassalha parce que nous avons vu des petits vendeurs COD perdre de l'argent chaque jour — pas à cause de leurs produits, mais parce que la livraison était cassée. »

L'histoire humanise la marque.

DARIJA

L9issa dyalna:

« Bdina Wassalha 7it chfna COD baye3in sghaar f Lmaghrib kaykhasro flous kol yom — machi 7it produit dyalhom khayb, walakin livraison kayna fiha Imochkil. Bnina l'outil li tmannina ykoun. »

1.7 It's All About Benefits

ENGLISH

FRANÇAIS

DARIJA

Wassalha benefits: • Save 2+ hours/day on delivery coordination • Reduce delivery costs by up to 30% • Never lose a package again — full real-time tracking • Grow your business without growing your headcount	Règle : Personne ne se soucie de votre produit. ENGLISH	FRANÇAIS	DARIJA

Not "businesses grow" but "YOUR business grows." Wassalha copy must feel like a one-on-one conversation with a trusted advisor, not a corporate broadcast.	Principe : Le mot le plus puissant est « VOUS ». Chaque phrase doit parler directement au lecteur. Pas « les entreprises » mais « VOTRE entreprise ». Le ton Wassalha : conversation 1-à-1 avec un conseiller de confiance.	L9a3ida: Kelma li 3andha a9wa ta2thir: « NTA ». Kol jumla khass thedder m3a l9ari mbacharatan.
